For a pocket reference, this is a good book. It covers all the relevant subjects, explains the issues concisely, and provides ample pictures to illustrate points. However, there are several pictures that are wrong -- they show the wrong device for the explanation. Secondly, a "pocket" reference simply can't contain all that much information.

As a Pocket Reference Guide it is an absolute boon if you need this information. Well set out and indexed - although the text is a little on the small side for me. The main down side to me (and, I guess I should have realised before) this is most certainly an American biased tome - not a bad thing in its self, but I live in the UK.
