Online Library Economics Lipsey 12th Edition

This thoroughly revised edition provides a complete, balanced introduction to microeconomics and to the most important issues facing the world's economies at the turn of the millennium. The new edition examines the following key topics—and more: the use of game theory in the study of firms' behavior. the "good jobs/bad jobs" debate and the "deindustrialization" of America.

The Thirteenth Edition is significantly revised to reflect the latest advancements in the field, including major updates to monetary policy, globalization issues, and hot research areas like experimental economics. Economic debates are explored for each major concept, so students learn to analyze policy intuitively and from an economic perspective.
