Comprehensible Input. Within sheltered instruction, teachers offer comprehensible input—teaching at a level that is just beyond the students’ current level of language competence—while also providing the scaffolded supports necessary to understand the information. For example, when a teacher is teaching a vocabulary lesson to his English language learners, he may use diagrams or other ...

Application definition is - an act of applying:. How to use application in a sentence.

Application | Definition of Application by Merriam-Webster

Stance. Stance can be defined as the attitude that the writer has towards the topic of his or her message. The stance that you take will greatly determine the tone of your message and the words that you choose. Notice, for example, how the authors in the following examples describe the same event that they attended.

How should teachers incorporate a grammar checker website into their ESL course? In order to use a grammar checker effectively in an ESL course, teachers must, in my opinion, do two things: 1) create a routine in which students are required to use the grammar checker every week, and 2) set a standard of zero avoidable errors.
