This interdisciplinary conference, supported by the Arts and Humanities Research Council, will bring together current research on the role of languages in war, conflict and peacemaking situations, focusing on such questions as: - What are the foreign language policies of government, military and multilateral agencies in conflict situations?

Conference 2011 - University of Reading

International law, also known as public international law and law of nations, is the set of rules, norms, and standards generally accepted in relations between nations. It establishes normative guidelines and a common conceptual framework to guide states across a broad range of domains, including war, diplomacy, trade, and human rights.

International law - Wikipedia

In the politics of war, languages have a dual impact: a public policy dimension, setting frameworks and expectations; and the lived experience of those 'on the ground', working with and meeting speakers of other languages.

War Exclusion Clause Definition

John Adams, a Federalist and America's second president, conducted a foreign policy that was at once cautious, underrated, and paranoid. He sought to maintain Washington's neutral foreign policy stance, but increasingly found himself grappling with France in the so-called "Quasi-War" during his only term in office, from 1797 to 1801.
