10 Fascinating Facts About Leonardo Da Vinci's Incredible Life

Tank was first used only during World War I (1914-18) but the concept or according to some, the first prototype was developed by Leonardo da Vinci more than 500 years earlier. Leonardo’s tank/armored vehicle was designed to be equipped by a series of guns/cannons and “driven” by the men inside. However, the design contained a major flaw which made the armored vehicle impossible to move. Most historians believe that da Vinci intentionally made his “tank” nonoperational.
