nouns (LPNs) in the issue of noun classification. After having outlined the semantic properties of COLLNs and explained their links with meronymy and hyperonymy, LPNs are tested in different glosses related to these two relationships.

Lexical plurals through meronymy and hyperonymy | John

...

Lexical semantics (also known as lexicosemantics), is a subfield of linguistic semantics. The units of analysis in lexical semantics are lexical units which include not only words but also sub-words or sub-units such as affixes and even compound words and phrases. Lexical units include the catalogue of words in a language, the lexicon. Lexical semantics looks at how the meaning of the lexical ...
