Estes' Alpha Vi 60th Anniversary kit has the potential of being an excellent beginner's model rocket. Unfortunately, the quality of the plastic molded fin assembly is inconsistent, with many models--such as mine--having warped fins. Apparently, Estes is well aware of the problem but unwilling to replace defective parts.

The Nagra Vi ruggedness is certainly not one of its strengths even if otherwise reliable (but reliability should be the least one can expect from a professional recorder). Technological reasons also make a Nagra Vi successor necessary . Typically after 10-15 years spare parts availability can become an issue.
