Orwells Revenge The 1984 Palimpsest

George Orwell's bleak visions of the future, one in which citizens are monitored through telescreens by an insidious Big Brother, has haunted our imagination long after the publication of 1984. Orwell's dystopian image of the telescreen as a repressive instrument of state power has profoundly affected our view of technology, posing a stark confrontational question: Who will be master, human or machine?

Orwell's Revenge: The 1984 Palimpsest by Peter Huber

In George Orwell's dystopian novel 1984, the telescreen—which spies on its captive audience members and fills their minds with propaganda—is the instrument that makes possible the totalitarian state's absolute control. Huber (Galileo's Revenge) believes Orwell was fundamentally wrong in assuming that electronic media would facilitate mind control.

Book 9: Orwell's Revenge. The 1984 Palimpsest — A Year of ...

In Orwell's Revenge (1994), author Peter Huber used a computer program to write a response to George Orwell's dystopian masterpiece, 1984, using Orwell's own writings and ideas. In doing so, Huber has constructed a completely different narrative, showing that despite fears of a totalitarian future, technology and the free market have instead become a force for good.
