Doing It Right The First Time, And Every Time

By Agnes Shanley, Editor in Chief Last year, New York-based Pfizer launched a radical new program, "Right First Time" (RFT), designed to take it from a reactive approach to a predictive approach to manufacturing and product quality.

Right the First Time - Pharma Manufacturing

The first consideration should be the material to be compacted and the job specification being applied. Here are the most important factors: 1. Material type (e.g. Gravel, Sand, Silt, Asphalt mix) 2. Type of site (general applications with no restriction, trenches, confined areas, limited working widths, repairs, pothole patching).

RIGHT FIRST TIME! - bomagservice.co.uk

Right First Time (RFT) For garment manufacturer, RFT quality is an ideal situation. It means whatever activities you do to make the garment, quality of the garment should be correct at the first time. Data can be captured for RFT at each process and it is expressed in percentage.

Key Performance Indicators (KPIs) for Quality Management ...

Zero defects is a way of thinking and doing that reinforces the notion that defects are not acceptable, and that everyone should "do things right the first time." The idea here is that with a philosophy of zero defects, you can increase profits both by eliminating the cost of failure and increasing revenues through increased customer satisfaction.
